WAINWRIGHT PUCK CHASERS FAIL TO WIN FROM LA VERENDRYE IN FASTEST GAME OF SEASON

Wainwright-3 La Verendrye-1

Hockey fans of Wainwright were treated to a banquet of thrills on Thursday evening of last week when the locals clashed with La Verendrye team of Edmonton city league.

During the present season the Wainwright hockey team has locked horns with nearly all the crack aggregations within striking distance of Buffalo town and have never been defeated and manager Jack Bryant felt he would like to see his team in action against some of the top-notchers and accordingly arranged a game with La Verendrye, who were in the finals of Edmonton city league and runners-up for the provincial championship.

It was a game of thrills, one of the kind where the ardent fan is in strict sympathy with every move of the players, where he receives all the bumps, takes all the heavy falls, does all the brilliant passing and shoots every goal of the entire game, and after the end has come and his team muscles have relaxed he goes home to bed as tired as any player on the ice. We have it from Bill Glass that he played the game over fifteen times before morning and was "all in" next day.

In the first period the big crowd was treated to some fast hockey and when Ray Greer slipped one past Carriagan for first blood, it was realized that a strenuous game was on. The Edmonton boys were burning up the ice with speed and before many minutes had elapsed Moorehouse assisted by Coupez snapped one past Brunner from a scrimmage in front of goal, and Williams duplicated a few minutes later on a pass from Charlebois. The period ended with the score standing 2-1 in favor of the visitors.

During the second period, the Edmonton boys were going strong and increased their lead by two more goals the first going to the stick of Coupez, and the second by Charlebois on a brilliant effort. At the end of the second period the score stood La Verendrye 4, Wainwright 1; and the Frenchmen figured the game was laid to rest as securely as old King Tutankhamen in his rocky sepulchre.

But, you never can tell. On the third stanza, it was felt that the locals could never overcome the big lead as no doubt La Verendrye would play solid defence, but the fighting spirit of the home boys which has always featured their games was again in evidence. For the first few minutes they warmed up, then like a flash they broke loose.

Turcott pushed from end to end, skated the puck to the corner and snapped it back to Morris on right wing, and Harry picked out a nice little opening about the size of the hand and his shot went true to the mark. Pandemonium reigned. The crowd went wild and before the dazed spectators had time to recover their breath, Duke Kimball picked off a neat pass from the corner and like a bolt from the blue bulged the twice behind Carriagan, and from there to the finish the scene was indescribable. The crowd howled for one more. The locals fighting blood was up and they fought like tigers. They rushed, blocked, passed and shot.

DOMINION DEPART. OF AGRICULTURE TO IMPORT LIVE STOCK

Five sheep horses as well as a number of shire and swine, and, perhaps, a few cattle, are to be imported for breeding purposes into Canada from Great Britain by the Dominion Department of Agriculture this year. The horses are being donated to the Government by the Shire Horse society of Great Britain. The director of Experimental farms and the Dominion animal husbandman have sailed for England to assist in making the selections of the horses at the London show to be held on the 22nd and 23rd of February. It is intimated that these horses will form the nucleus of a large stud of Shires to be maintained at one of the western Experimental Stations. The hogs to be imported will include York-shire, Tamworth and Berkshire boars of bacon type.

While overseas, occasion will be taken by Mr. Archibald, the director of the Experimental Farms system, to visit Denmark and make an investigation of the bacon swine industry, more particularly with regard to breeding and feeding methods employed in that country.

with a persistence that could not be denied. They skated La Verendrye off their feet, and backed the entire Edmonton team into their own goal; and for the fact that so many players were jammed in front of the net that the puck could not get through the score might have been different. But the bell clanged and the game was over.

Commenting on the game afterwards, manager Herveaux of La Verendrye told the writer that Wainwright had come within one point of beating the "BEST" team in Alberta and of course we could not dispute him as his team had just won from Wainwright.

For the visitors perhaps there were no outstanding stars as the whole team played like a well-oiled machine. Charlebois was fast and his rushes were always dangerous and Peterson's defence was a veritable stone wall. The forwards were excellent, their team work showing careful training. Carriagan in goal, certainly saved the day for his team, his work being of a high order. Taken as a whole team they are the smoothest working combination ever seen on Wainwright ice.

For the home crew Turcott gave a wonderful exhibition of skating and stickhandling which was a delight to the fans. Harry Morris was also very effective and his backchecking was a feature of the game. Kimball, Greer and Habkirk were very much in the fray, especially during the last period when they outskated, outgeneralized and outplayed their opponents. Clark and McKay worked well on defence and kept up a game fight. Brunner in goal was as usual, right on his job and turned aside many a shot that looked like a sure counter.

Outside of a little more tripping than should be allowed the game was clean, referee Washburn handling out two minor penalties.

Wainwright goalkeepers: Carriagan, Defence: Turcott, Charlebois, Defence: McKay, Coupez, Center: Greer, Williams, Lt. Wing: Morris, Moorehouse, Lt. Wing: Kimball, Taylor Subs. Clark Habkirk

PRESENTATION IS MADE TO ST. THOMAS' CHURCH

A handsome new service book of the Canadian Revised edition of the Book of Common Prayer was used for the first time in St. Thomas' church on Sunday last. It is beautifully bound and finished being the product of the well-known Cambridge Press. It is printed in a large clear type, with red rubrics. The book is the gift of the girls of the Dorcas club of the church who are under the supervision of Mrs. A. Laessle. This makes the third presentation to the church from this club, they having previously given the bell in the church tower and a pretty group of five chancel lights.

EDGERTON DRAMATIC CLUB GIVE WELL-KNOWN POPULAR FARCE

On Friday last the village of Edgerton was given a real treat when the local dramatic club presented with great success, the well-known farce "It pays to advertise." The play which is in three acts was well sustained by a most capable cast under the direction of Mrs. W. D. Murdoch and Mr. J. Kennedy. Unstinted praise is due to the entire company for their painstaking work which made the production of such a play possible; and also for the real excellence of its performance.

Fires—A conflagration is a serious matter. This is the time of the year when most fires occur. You may be extremely careful, and yet have to suffer from the acts of others and lose all you have. Think it over; a policy in a good strong company will guard against possibilities. Further information from F. G. Cope, box 138, Wainwright, or telephone 80, x.

BUFFALO KILLING COMPLETE

The killing of the Buffalo at the park was brought to a close last week, and the affair was successful in every way. There was no accident of any kind, and this speaks highly for the careful management of the kill. We understand that it was the intention to kill a larger number than the 260 disposed of, but as the season is getting late for good fur, the work was stopped for this year.

Black Diamond Coal has stood the test of years, and is demanded by all particular users. Sold only by Atlas Lbr. Co. Joe Welch, mgr., phone 57 x

BIG POW-WOW ARRANGED FOR DAIRY CONGRESS

The international character of the dairy industry is responsible for the organization of the World's Dairy Congress Association. Under the auspices of this body and of the government of the United States of America, the Dairy Congress has been arranged to be held in Washington from October 2 to 5 this year. The vast extent of the dairy industry and its international status are responsible for the congress. Scientists, health officials, government officials, social welfare workers, and producers, manufacturers, and distributors of milk and milk products will contribute to the discussions. These will relate to improving the quality and reducing the production and handling costs of dairy products and improving national health through their more general use. The international aspect of the commercial side of dairying has not been overlooked. It is recognized that the movement of surplus dairy products from Australia, New Zealand, the Argentine Republic and other countries in Canada, the United States and Western Europe. The Congress is called together by President Harding, who has been authorized by Act of Congress to invite foreign representatives to attend.

VERACITY OF THE STAR'S OIL REPORTS FULLY CONVINCED

At last the mystery of the Fabyan oil well is laid, and in the closing chapter of this undertaking, the veracity of the several reports which from time to time have appeared in The Star has been vindicated in each instance. On four occasions The Star has proclaimed the fact that oil was struck at the drilling and on another occasion the big flow of natural gas was published and despite the fact that the employees at the well gave out a flat contradiction of the circumstances, the following official information from the Mining Lands branch of the Department of the Interior at Ottawa has just reached us.

The last report forwarded to the Federal government, who by law must be supplied with the "log" of the well at stated periods, shows that the North-west company (Imperial Oil Co.) the recorded owners of the gas and oil lease at the Fabyan well has decided to abandon this project as an oil well. The depth of the hole is given as 2730 feet.

The report is given that heavy black oil was found at 1892 feet, 1947 feet, 2046 feet and between 2198 and 2205 feet. This record states that this oil was of a heavy viscous nature of no commercial value.

It is also on record that at a depth of 1870 feet a flow of natural gas, of approximately 10,000,000 cubic feet per 24 hours, was obtained, which on a rough test showed a pressure of 750 lbs. per square inch.

We understand that the well is reported to be plugged up from the bottom so that it stands now at a depth of 1900 feet, thus allowing the well to be maintained as a gas producer. This work was done with cement, the same ingredients being also used to cap the well to retain the natural gas which is waiting to be used and developed.

Tests at Okotoks Well

The engineers of the department of the interior, Messrs Chas. Dingman and S. E. Slipper, are making a government test of the Illinois-Alberta well at Okotoks. The test will last ten days and will determine the actual value of the oil and gas products from that well. At the close of the test announcement will be made by these government experts of the producing ability of the well which has been capped for some time since coming in with a flow of gas and a small percentage of oil.

THE EXAMINER'S WEEKLY REVIEW OF PROV. MARKETS

(Thursday, February 22nd, 1923)

CATTLE

BEEF—Shipments of good beef cattle are selling all right at Edmonton but the thin stuff is draggy. Choice heavy and light steers have been making \$56.50 to \$58, but real topsy stuff would beat that; good steers, \$44.50 to \$46.50; medium, \$42.50 to \$44.50; canners, \$1.25 to \$1.75. Choice heifers \$37.50 to \$42.50; good, \$36.50 to \$38.50; medium, \$35.50 to \$37.50; calves, \$40.50 to \$42.50; with fancy veal fubs over; common \$25.00 to \$30.00. FEELS, STOCKERS—Demand still good for the breeders, with the choice ones up to \$4.25; others \$3.75 to \$3.75; stocker steers, \$2.75 to \$3.75. Stockers heifers not showing much demand at \$1.50 to \$2.50; stock cows slow at \$1.50 to \$2.

HOGS

Prices at Edmonton during the week have been a little better, with the basic price on thick hogs at \$9.00 to \$9.25; some long haul hogs make \$9.35; premium 10 per cent on select bacon.

SHEEP

Sheep have not been plentiful at Edmonton and a few lambs made \$11 and others, down to \$7; yearlings, \$7 to \$8; ewes, \$4 to \$6.

GRAIN

Wheat showing fluctuations and some export buying at low points, though European market seems indifferent. Coarse grains reported somewhat stronger in tone, but not much business passing. Bad weather held back receipts at Winnipeg.

BUTTER-CREAM-CHEESE

BUTTERFAT—Prices advanced 2¢ this morning; special grade, 40¢; first 37¢; seconds, 34¢; off grade, 29¢. CREAMERY BUTTER—Cartons likely to advance; carlot prices, basis specials, 42¢ to 43¢, Alberta points DAIRY BUTTER—Firm, with fancy table grade 30¢ to 32¢; dealers buying in grade from 26¢; over, straight receipts 26¢ to 22¢. Present high prices on it likely to stall until production increases.

EGGS—Alberta standard eggs worth 35¢; pullet eggs now coming on locally and bought at 30¢; better weather likely to increase production and effect price. POULTRY—Fowl and chicken unchanged at 10¢ to 14¢; live, quoted by dealers; markets buying 14¢ to 20¢ on dressed birds. Receipts of turkeys, ducks or geese light; turkeys, 17¢ to 18¢; ducks and geese, 12¢ to 14¢; live; dressed turkeys, 20¢ to 22¢; ducks and geese, 16¢ to 20¢, dressed at city markets.

FARM KILLED MEATS

City markets quoting prices unchanged, with exception of lamb and mutton, advanced to 17¢ to 20¢ and 14¢ to 16¢.

HAY

Business slow during past week, and prices shifting up an down. Farmers offering supplies at country points. Timothy, \$23.50 to \$25; alfalfa, \$10.50 to \$11; alfalfa, \$16.50 to \$18; green feed, \$15 to \$16; oat straw, \$6 to \$7; wheat straw, \$5 to \$6.

HIDES

Prices unchanged for the present, but lower quotation—probably will fall—would not be surprising by next issue. Poor quality hides and lack of tannery buying are very marked.

King Tutankhamen and "The Star"

As we read in the daily press of the wonderful treasures found by the grave yard of King Tutankhamen in Egypt, our mind inevitably turns to the time some three thousand years hence when our own sarcophagus or mausoleum will be unearthed by sacrilegious hands and the treasures therein disclosed to the eyes of day. The find they will make will put poor old Tutankhamen in the shade, for, clutched in our bony hand will be found a complete list of the delinquent subscribers to the Wainwright Star; a treasure indeed, if the amount thereon are reckoned up with interest at 8 per cent compounded annually.

Dear delinquent subscriber: did you ever think of the immense sum your past due subscription would amount to in 3000 years at 8 per cent compounded annually? Figure it out; the amount will both surprise and appal you. You will come a-ramin' to pay up and keep paid.

FIRE ON MASTERSON FARM

Mr. R. G. Sherbourne, the Wainwright Remedies agent, who recently moved into the Masterston farm house north of town, suffered a disastrous early morning fire last week. He was away from home at the time of the occurrence, and his wife and family only just managed to escape from the burning building. Nothing was saved, the building and contents—including a large stock of medicines, etc.—being a total loss. The cause of the conflagration is unknown. Only a small insurance was carried on the contents while Mr. Masterston has to face his loss without any recompense.

WESTERN HORSES LEAVING DISTRICT EASTERN BUYERS

On Sunday morning last Dr. S. Wiley and Jim Eschmelt left for Simcoe, Ont., with some forty head of horses which they have gathered around this district.

These animals are all in the pink of condition and being of Clyde or Percheron breed are the finest possible for farm work. Being western raised, they are all fully acclimated, and range in weight from 1250 to 1650 lbs. each of them being between four and seven years old.

These animals should all command good prices on the eastern market, although it seems a little pity that such splendid horse flesh should be taken from the west where the upbuilding of the breeds is being made a feature of extensive study by our horse men in general.

Last night the weather just lovely! Just right for your new Spring Millinery. Miss Coleman's Millinery Parlor will hold the usual Spring Millinery Opening on Main Street on Saturday March 10th, when the latest styles will be on display. A hearty welcome is extended to all ladies of the district.

THE DAWSON CUP WILL STILL REMAIN IN WAINWRIGHT

Home Team Wins Futa Toileid In Ragged Game

On Monday last Toileid hockey team played a game with Wainwright for possession of the Dawson Cup. The game was on Wainwright ice and was rather a ragged exhibition of the national pastime, owing no doubt to the soot condition of the ice. Comparing it with the game last week with La Verendrye, it looked like a game of shinny.

In the opening stanza Wainwright put themselves on easy street by scoring 5 goals to Toileid's 0. The second period was all Toileid so far as scoring went, they getting 3 while Wainwright failed to find the net and the third twenty minutes was an even break, each side getting 3. Final score Wainwright 8, Toileid 6.

Wainwright tried out their forward combination on the start and made some nice plays but the sticky ice soon put a stop to any fancy stuff and the game developed into a "Get there as you can" affair. Toileid forwards broke away on many occasions but seldom eluded Wainwright defence.

Space will not permit us to go into details of the game, although most of the fans would like to see the same teams do battle once again on hard ice. A good sized crowd witnessed the encounter and was very impartial in their applause. Toileid getting a luster every time they scored or made a good play. Let us hope the ice tightens up so we may see them in action once more.

The following was the line up:

Toileid	Goal	Wainwright
O'Neill	Defence	Brunner
Howell	Defence	Clark
B. Lee	Defence	Turcott
M. McIntosh	Rt. wing	Morris
Pruden	Center	Greer
H. Lee	Lt. wing	Kimball
J. O'Neill	Sub	McKay
Umphries	Sub	Habkirk
Livingston		
Smith		

Referee—Chief Johnston of Unity.

Goal Summary:
First period—1, Morris; 2, Kimball from Morris; 3, Turcott; 4, Turcott; 5, Morris.
Second period—6, McIntosh from Pruden; 7, O'Neill from Umphries; 8, Pruden from McIntosh; 9, Morris from Greer; 10, O'Neill; 11, Morris from Clark; 12, Kimball; 13, Lee from Umphries; 14, Lee from McIntosh.

ECONOMY WILL BE THE REAL WATCHWORD OF THE COUNCIL FOR ENSUING YEAR

Minutes of a regular meeting of the town Council held in the council chamber on Wednesday last.

Members present—Mayor Gerow, and Councillors—Huntingford, Cork Welch, Forster and Walton.

Minutes of the last regular meeting was read and on motion adopted.

Communication was read from Utility Supt. dealing entirely with operations of Electric Light Plant.

Forster-Welch—That communication from W. T. Brunner be referred to fire and water and light com.—Carried.

Communication from city of Edmonton re motor license tax, accompanied by a resolution passed by the municipal council from that city asking urban municipalities for their assistance in laying the matter before the Prov. Government.

Huntingford-Welch—That communication from city of Edmonton dealing with application for auto taxes re-late from Prov. Government be filed.—Carried.

An application from Mr. H. Patrinquin, C.A. for the appointment as auditor for the year 1923 at a fee of \$175.00 annum and expenses.

Huntingford-Cork—That the application of H. Patrinquin for the position of auditor for this council for the year 1923 be approved at the salary of \$175.00 annum and expenses.

THE DUTCHMAN AND HIS DOG

A Hollander, addressing his dog, said: "You was only a dog, but I wish I was you. When you go out you get in, you shut turn round three times and lay down. You I had to look up place and find out the cat and den my dog, and outdressed myself. Den my dog, she takes up all acids and debars takes up all acids, den I had to talk him mid the 'house' around, den maybe I get myself to bed it is time to get up again."

"You get up, you shut stretch yourself, dig your neck a little and you vos up. I had to fight de fire; put on de kidder strap some mit my side already, and get myself breakfast. You play around all day and have plenty of fun. I have to work all day, and have plenty of drubbin and ven you die, you was dead, but ven I die I had to go to hell yet."

Mr. and Mrs. Frank Stott are spending some time in the city with their parents.

SUGGESTIONS ASKED REGARD ALTERATIONS SOLDIER LEGISLATION

Announcement has been made that the Royal Commission, appointed by the Dominion Government, to hear evidence regarding complaints and grievances of ex-soldiers on pensions and re-establishment or procedure in connection with present regulations, will sit in Calgary commencing on the morning of March 5th. The commission will arrive in the city two days previous and will spend the interval in visiting the offices of the Department of Soldiers' civil Re-establishment and Veterans' hospitals.

E. H. Scammell, Assistant Deputy Minister of the Department of S. C. R. Ottawa who will represent his Department when the commission sits in Calgary to make necessary preparations for the sitting of the commission. He stressed the fact that the second phase of the enquiry, which opened with the sitting of the commission in Halifax, will attempt to get the consensus of opinion of veterans as to needed improvements in procedure and suggestions regarding changes in present soldier legislation or regulations.

Every effort is being made by the various soldier organizations to secure all evidence possible, Veterans in the province who feel that they have a grievance or that they have been discriminated against are requested to outline their cases to any official of any Veterans' organization who will forward it to proper authorities.

"When your credit is good"—A life of life insurance policy puts back home into your pocket for credit because it stands for safety, strength and satisfaction. A request for further information will incur no obligation. Phone F. G. Cope, No. 80, or write Box 138, Wainwright.

any stated in the application—Carried.

Communication from A. J. Simmerman asking for two weeks leave of absence taking effect March 1st.

Forster-Walton—That the application of A. J. Simmerman for leave of absence be referred to committee on Health, Parks and Cemetery, giving said committee power to act.—Carried.

Mr. Calk Stewart advised before the council re suspension of license by Prov. Gov. Dept. asking if complaints had been made to council of misconducting of Prov. Room.

Coun. Cork Welch as to duties defined for Utility Superintendent.

Coun. Forster enquired as to the manner of letting contracts for work performed by the town.

The Fire, Water and Light committee reported having considered the tenders for the hauling of coal for the town, and recommended that the tenders of W. O. Blinn and H. Herbert respectively, at \$6. per ton be accepted. Each to unload a car alternately; same to be effective immediately.

Cork-Huntingford—That the report of the Fire Water and Light com. be accepted and their recommendation accepted.—Carried.

The com. on Health, Parks, and Cemetery reported, recommending that application for the position of scavenger be called at \$85.00 per month payable monthly for the term of one year commencing April 1st 1923; that the duties be defined by By-law or a writtment; and that the present scavenger be notified that his existing contract expires Mar. 31st 1923; and that the necessary permit be repaired as soon as possible.

This committee further recommended that the fee for emptying cesspools be as follows:

Wainwright and Park Hotel to be increased to \$1.00 per call all others to be reduced to the same fee viz. \$1.00 per call.

Forster-Walton—That report of committee on Health, Parks, and Cemetery be adopted.—Carried.

Forster-Welch—That J. W. Cramp-ton be appointed as member of Board of Health for 1923-24 and 25.—Carried.

Forster-Huntingford—That Dr. H. C. Wallace be appointed medical Health Officer for ensuing year at a salary of \$100.00 per month.—Carried.

Cork-Huntingford—That the secretary be empowered to order and obtain necessary supplies of stationery and printing.—Carried.

Forster-Welch—That the Utility Superintendent make no further purchases nor pay further bills without first consulting the Chairman of the committee affected, and that a previous motion governing this be hereby rescinded and that the secretary inform the Superintendent accordingly.—Carried.

Cork-Welch—That the night watch man be instructed to inspect all pipes, flues etc. as per the annual inspection.—Carried.

Coun. Forster gave notice that a By-law defining the duties of Utility Superintendent would be brought forward at next meeting of the council.

Huntingford-Cork—That this council do now adjourn.—Carried.

WAIN. CURLERS STILL GOING STRONG AFTER SILVERWARE

A couple of local rinks attended the bonspiel at Chauvin last week, and reported having a splendid time. The Fish rink came in second in the Vanderlip competition winning a set of pipes, while Mills' rink topped the consolation event (with curling brooms attached).

The Gutta Percha, Rubber Crotch through their local agents Fraser & Co. are offering four pairs of curling rubbers for competition among local rinks, and the kind offer has been accepted. The draw committee are working out the schedule for this competition.

The "Dawson" Cup fired two local rinks to curling on Friday last, but the Brown and Ryan rinks fell victims to the superior prowess of Verner and Ross of Toileid by an aggregate score of 25-14. Another attempt will be made to bring the cup to its original home in a few days.

Mr. M. L. Forster left on Tuesday morning to attend the big bonspiel at Higger. His rink consists of Meares, Washburn, Steel and J. Holland, and this formidable bunch should be somewhere during when the jewelry is being distributed.

PEOPLE AND EVENTS IN THE PASSING NEWS

(1) This photo of the beautiful Four Courts, Dublin, one of the finest buildings in that city of fine buildings, was taken during the bombardment by Free State troops.
 (2) English girls go in for strenuous athletics. Here is a top-of-war picture taken at Salisbury, England, sports.
 (3) The lady is not sleeping, far from it. She has snatched her rest against a rock while bathing in New York Harbor, and the floating emergency hospital has been summoned to give her first aid. Nothing like having a hospital handy, even if you have to keep it on a motor boat. The lady would appear to have a good large voice.
 (4) A wonderful wood carving of the Last Supper of Christ and the Apostles, by Alois Lang, of Chicago. Religious art is in the family of Lang. His brother Antonio plays the part of Christ in the Passion Play at Oberammergau.
 (5) Indians in their grandest array turned out to greet Lord Byng at Banff, Alberta. Sightings like this are to be seen on all festive occasions in the lovely Rocky Mountain resort.
 (6) Lord Byng, Governor-General of Canada, on the occasion of his recent visit to Banff, Alberta, enjoyed several games of the beautiful Banff golf course.
 (7) Lord Byng was much interested in the Indians at Banff. The photo shows Lady Margaret Boscawen, Hector Crawford, head of the Stoney Indians; Lord Byng; Mrs. Hector Crawford; Lady Byng.
 (8) Miss Pencock in action in the tennis championships held recently at Wimbledon, England.

(1) The Ex-Kaiser's Imperial Station, the most magnificent in the world, situated on the Schloßplatz in Berlin, which have just been bought for the German National Bank.
 (2) The Late Lord Northcliffe (on right). This is one of the most recent pictures of him. On left is Viscount Curzon.
 (3) R. Clifford Martin, left, and Maurice Fyfe, of Toronto, Ontario, who traveled their way over to England in charge of cattle. They are walking through England and Scotland with placards in front and back, advertising Canada. They also give information about Canada.
 (4) Col. Marchmont (London, Eng.), winner of the King's Prize at Bales.
 (5) First Russian refugees to enter the U.S., whose passage was paid by the Soviet Government.
 (6) Racing, the sport of Kings, is regaining its pre-war standard in England. The horses race on the green turf over there. The picture shows Tetrastar the winner of the Goodwood Stewards Cup, approaching the winning post on which were seated the King and Queen.
 (7) Caring for a favorite sport in England and Ireland. Greyhounds in pairs are let loose after a hare by a "Slipper" who gives them an equal start. The race is run in haste.

WAINWRIGHT, ALBERTA FEBRUARY 23rd, 1923

THE BUSINESS SIDE OF ZONING

Ottawa, Ont.—Two town planning
divisions of the Canadian National
Park Branch of the Department of the
Interior points out that the zoning of
cities becomes obligatory in Great
Britain during the present year. In the
United States more than one hundred
cities have adopted zoning regulations
and a number of Canadian cities are
also moving in this direction because
"zoning stabilizes property values"
and reduces the cost of civic govern-
ment.

The zoning of cities has for its pur-
pose the direction of the future build-
ing development of the city along order-
ly lines and this in the interest of all
the phases of city life—commerce, in-
dustry and residence. The cost of jumble
building, on the moral side is the
destruction of the economic efficiency
happiness and life of the people and
the creation of social disorder, disease
and discontent. Where slums develop
they create the gravest and most ex-
pensive problem of communal life. In
an unzoned city the houses of the well-
to-do are usually protected from jumble
building by private restrictions
though these restrictions become less
and less operative and effective with
the changes in property ownership.
The dwellings of the poor are often
robbed of their light and air and
pleasant surroundings and degenerate
into slums, which become the disease
spots of the city. Hospitals and prisons
have to be built and maintained at the
public cost to deal with the ill effects
of bad city building.

The distinct business side of zoning
brings illumination to the fact that an
unzoned city is constantly lowering the
assessment value of property and thus
decreasing the civic income and in-
creasing general taxes. An industrious
family man invests \$5,000 of his life
savings in a home. The property is
valued at \$10,000 and the home owner
obtains a loan on the recognized secur-
ity of 50 per cent margin in value. As
soon as the transaction is completed
the owner finds that an undesirable in-
dustry is opened up next door to his
standing sort of a fellow come out of
a large brick house across the way and
stride over, with that determined
air people have when there's nothing
for it but to show a piece of mud in
their boots. Then I lost sight of him.

I had been spending a little time rul-
ing my nose against the window pane
and watching the rain dancing in the
mud puddles, when I noticed a big, up-
standing sort of a fellow come out of
a large brick house across the way and
stride over, with that determined
air people have when there's nothing
for it but to show a piece of mud in
their boots. Then I lost sight of him.

Then came an angel. I don't know
if he was disguised, but I suppose he
must have been; for he wasn't the
least little bit like the picture; yet I
knew what he was the moment he
spoke.

I had been spending a little time rul-
ing my nose against the window pane
and watching the rain dancing in the
mud puddles, when I noticed a big, up-
standing sort of a fellow come out of
a large brick house across the way and
stride over, with that determined
air people have when there's nothing
for it but to show a piece of mud in
their boots. Then I lost sight of him.

UNTIL FURTHER NOTICE

as he entered the hotel porch. I had
switched him only because anything
even a bit of paper hanging on a tele-
phone wire, was a moving picture to
me just then.

"Hello, friend" a voice greeted me
from the door, and I turned to see
that the tall man who had crossed
the road was now crossing the room
with his hand held out.

"Hullo," he said, taking hold of my
hand and shaking it while I sat and
stared up at him with my mouth open.
No, you don't know me and I don't
know you but what is the god of sitting
here all day looking like a sick owl in
a thunderstorm, when there are three
generations of jolly folk over the way
looking for a chance to wish you a
Merry Christmas?

Yes, sir. That's the kind of talk this
big fellow was handing out, and you
can believe me it took a little while to
take it all in. I'm not a good hand at
reversing my engines, anyway. You see
I'd got to get all that goodness off my
stomach before I swallowed any of
this milk of human kindness, or else
I'd have been having the worst attack
of indigestion in years.

"But, bless you," he saw how it was
and never waited for me to speak.

"This your coat?" he asked, striding
out into the hall. These long legs of
his seemed to take him all over the
place in about two steps. "And here's
your cap," he adds.

"Say you sporting them about the
village yesterday. Come along now.
Wile's got a hot drink waiting for you
that'll tickle your gizzard if anything
will. And mother's found a pair of old
slippers, that'll give you a homey
feeling from your toe nails to the bald
spot on your head." And I know the
man had first looked to see I wasn't
bald, before he said that.

Then, just as he was taking my
elbow across the muddy street, for all
the world as though I were an invalid
millionaire, he gave me the reason for
all this, or at least one reason. The
big one came at the end of the chap-
ter.

"Nice kind of a notion," he said
"you'd have of Bennett's Lake, if we
let you to groom all through Christ-
mas. You'd be knocking the place to
everybody you met all over the country."

But, bless you, I soon found that
was only an excuse. It was just the
good nature of the man that made him
rank me out of that hotel parlor. And,
when he fairly picked me up and drop-
ped me kerplunk in the middle of his
family circle, it was easy to see that
goodfellowness was a family character-
istic.

On the way over he'd told me his
name was Furbank—Frank Furbank
and when I told him mine was Walter
Ridgeley that was all we knew of each
other. Talk of hospitality. But the hall
ain't been told yet.

Well, sir there was a big room, with
an open fireplace that had a bunch of
logs burning in it. There was a chair
in front of that fire, so soft that when
you sat down in it you thought you
were a fly sitting on a chunk of shav-
ing lather. That chair, by all accounts,
had been waiting for me to come and
sit in it ever since the day it was built
and upholstered.

Right alongside of that chair was
about as hard as a dark-eyed young
woman as ever got laid to rest from New-
foundland to Honolulu. And she was
handing me a drink she called a posset.
What it was I have never found out
from that day to this, but it was hot
and sweet and—well, it matched the
chair and the young woman. What
more can you say?

After a while I got used enough to
my surroundings to have a look around.
Three children there were. A boy of
seven had hiny locks and blue eyes
the same as his father. So did the sweet-
est of little girls of three; but Maude,
who was five, she whispered to me pre-
sently, was dark like her mother. And
somehow I always did like dark
women.

Big starry eyes those kids had just
at first but in about the time you would
take to drink down a glass of that
posset, they were swarming all over
me. I always did like children. And
lord, the questions those children asked
me.

But I mustn't forget that there was
another chair on the other side of the
fire just like the one I was sitting in.
And the old lady that sat in that chair
and smiled at me across the hearth-
rug was some woman.

Yes, sir Fine woman, Mrs. Fur-
bank. Didn't forget the slippers, either.
What the kids did with my boots I'm
blot if I know. Took an hour to find
them before I could go back to the
hotel for the night.

That was some supper, too. Oh,
well, dinner, if you must call it that.
Made my middle day dinner at the
hotel look like a raw earth worm by
comparison.

Then there was the evening that
followed. The games with the children
and the tight little game of eucure we
had when they were gone to bed. The
old lady and I were partners and if
we didn't put it over on those young
folks it's a caution. Of course they
said they let us win so our feelings
wouldn't be hurt, but Granny and I
shook hands across the table and said
we'd heard that kind of thing before,
and was there any other game they
could play?

(Concluded next week)

Aesop's ADVERTISING Fable

Once upon a time there lived a merchant prince who inserted a small ADVERTISING card in his local paper. The world and his wives rushed to the store and the great battle of Push and Take occurred. The merchant did such a tremendous business as a result of this one small advertisement that he was able to retire and spend the rest of his life playing at golf.

That is a Fable!

But it still represents some folk's idea of advertising.

Advertising won't make any man or firm rich overnight, but, if intelligently used with persistence, it will multiply customers, increase turnover, swell profits and build such goodwill for the advertiser as nothing else will.

Get the facts from The Alliance Times.

To the Buying Public

A man's advertisement is your invitation and your guide. It means that he wants and appreciates your business and is proud enough of his store or service to advertise it.

Shop Where You Are Invited To Shop

BULLETIN FROM PROVINCIAL GOVT.

Municipal Hospitals on High Standard

Testimony that the Alberta municipal hospitals operated under The Municipal Hospital Act of the province are maintaining a high standard, comes from Dr. M. F. McEachern, director of hospitals for the college of physicians and surgeons, who says, in a recent letter, to the supervisor of organization for hospitals "In regard to the standardization of municipal hospitals. I feel that if they live up to your stipulations, they are standard. It seems to me you are setting an excellent example for the province in the splendid regulations you have laid down. I want to tell you that I have not seen anything better and I hope you will have no objection to me giving your province particular mention on every occasion I can in this respect"

Price of Gasoline

If there is any profiteering in the price charged for gasoline in Alberta, it is within the boundaries of the province, according to an interim report on an investigation into this matter, presented last week to the legislature by Premier Greenfield. The difference between the prices of gasoline in the states and Eastern Canada and the price in Alberta is chiefly due to freight and duty. The report shows that gasoline which costs 24½ cents in Great Falls costs 44½ cents in Alberta, 13 cents of the difference being freight, 2½ cents customs and 4½ cents accounted for by the difference between the American and Canadian gallon. The report also mentions the fact that although the price of gasoline has increased the stocks of gasoline in the States and elsewhere have also been on the increase.

Hail Insurance

According to the published reports of the municipal hail insurance board from Calgary, shows a great decrease in losses in 1922 from those of 1921. The claims for 1922 were only \$291,079 as compared with \$2,149,766 in 1921. The premium rate set for 1922 was only 5 per cent, against 10 per cent in 1921. This is the lowest rate since 1912.

Survey new Irrigation Projects

According to published reports, D. W. Hayes, well-known irrigation engineer, has been engaged by the Dominion government to make a thorough investigation of possible irrigation projects in the country south-east of Lethbridge.

Work of Public Health Nurses

Commenting on the manner in which the health service of the provincial department of health has grown during the past year, the annual report of the public health nursing branch lays stress upon the noticeably increased demand for better health conditions throughout the province. The report also refers to the organization of schools into health districts, a policy adopted at the beginning of 1922. The report furthermore testifies to the success of the public health clinics held

Five additional rural public health districts were formed during the year, as follows: St. Paul de Metis, Prosser, Red Deer, Westlock, Chipman, Innisfree, where the work is entirely among Ukrainians and Drumheller district. The districts of Hanna, Grande Prairie, Foremost, Empress and Cardston are in their second and third years of operation.

The number of schools inspected by the public health nurses during the year was 352, and the health inspections totalled 11,056, with 1,825 classroom inspections. Of those inspected there were 6,195 not vaccinated, and 5,610 with defects, 4,272 being without defects. A total of 1500 were reported with malnutrition. The greatest number of defects were in connection with the teeth, the next greatest in connection with the tonsils, while adenoids were reported in 1076.

A total of 107 child welfare clinics were held by these nurses during the year with an attendance of 1080, and 2336 home visits.

The child welfare clinic at Edmonton had a total enrolment during the year of 3,668, with 1,147 babies and \$21 pre-school children in attendance. The number of nurses' visits to homes was 5,697. The attendance at this clinic recorded a gratifying increase over the former year. At the Medicine Hat clinic 1,213 babies were in attendance and 146 pre-school children. The travelling clinic, the report states, is also growing very popular, and under the auspices of the U.F.W.A. the women's institutes, and the soldier settlement board, is carrying on a great deal of work.

The work of the district nurses, who are placed in remote districts where no medical attendance is available, is proceeding satisfactorily. During the past year two districts, that at Bear Lake and that at Beaver Lodge, were closed because of receiving the services of a regular physician. The district of Lac la Biche had a nurse for the greater part of the year and a district at Rile, north of St. Paul de Metis, was opened during the year.

The total number of calls made by district nurses during the year was 1650, with 754 consultations and 1078 treatments. They dealt with 882 medical, 251 surgical and 103 obstetrical cases.

Highways Commission

The Alberta highways commission is now complete save for one member yet to be chosen. The act establishing the commission, passed at last session came into effect the first of this year. John Gaer, of Killam, president of the Alberta association of municipal districts, is the latest appointment to the board. Other members are chairman Dimdale, J. D. Robinson, deputy minister of public works, Professor Clark, chemical engineer at the university. The fifth member, to be chosen outside government ranks, is not yet named.

Municipal Department Report

The revenue of the Department of municipal affairs for 1922 is somewhat in excess of that of 1921 according to the annual report of that department, tabled by Hon. R. G. Reid in the legislature.

The sum of \$2,019, 921.35 has been collected by way of educational tax, wild land tax, supplementary revenue tax, etc., as against \$1,886,627.90 for 1921, or a surplus collection for the taxes named, of \$133,293.35.

In addition to this, the department collected the sum of \$2,651,446.30 as against \$2,524,199.39 for 1921, by way of improvement district taxes, hospital taxes, arrears of school taxes, etc. Dealing with the matter of seed grain and relief collections, the report states when, in 1922, the department took over the duty of collecting these funds, from the treasury department, there remained at the end of that year as a liability from the municipal districts a principal sum of \$2,088,234.48, with interest unpaid of \$117,322.39, or a total liability for seed grain advanced to the municipal districts to the end of 1920, of \$2,205,556.77.

In addition to the seed grain the province paid the banks for advances made for relief to the end of 1920, the sum of \$491,056.05 of which amount at the end of 1922 there remained unpaid of principal alone, \$475,116.38. The Dominion government assumed the liability for one-half of this amount, so that there remains a net obligation of principal from the municipal districts to the provincial government the sum of \$237,558.19, and a like sum to be collected by the province on behalf of the Dominion government.

The seed grain account of the municipal districts for 1921 unpaid as at December 31, 1922 is \$89,188.55. The seed grain account for 1922 unpaid December 31, 1922, is \$395,291.33, or a total for the two years of \$484,479.88. The relief account for the municipal districts for 1921 unpaid December 31, 1922, is \$591,147.30, and the relief of 1922 unpaid at the year end is \$447,702.40, making a total of relief for the two years mentioned, of \$1,038,849.70. The grand total of notes held by the banks for 1921 and 1922 and guaranteed by the province, is \$991,329.58.

Coal Mines Report

The total amount of coal produced in Alberta for 1922 was 5,976,432 tons according to figures contained in the annual report of the mines branch for that year tabled in the legislature by Premier Greenfield Thursday.

Of this amount, 1,443,942 tons were sold for consumption in Alberta; 1,997,789 tons for other provinces, and 105,514 tons for the United States.

Imports of coal from the United States to points east of British Columbia in Western Canada show a decrease of 928,985 tons below the 1921 importations, while shipments of Alberta coal to all Canadian provinces except British Columbia show an increase over 1921.

Tonnage amounting to 39,327 tons, were produced in the province in 1922 in excess of the 1921 production. The largest production for any month was October, 1922, when the total was 926,888, this being the largest coal output in the history of the industry in Alberta, for any month.

Accidents and Compensation

Accidents in Alberta reported under the workmen's compensation act total 7,518 in 1922 as compared with 7,069 in 1921 according to the annual report of the board given to the legislature.

In 1920 the accidents totalled 6,418 and in 1919 they totalled 3,466. Fatal accidents in 1922 totalled 66, in 1921 totalled 55, and 1920 they were 81 and 1919 were 43.

The average amount of compensation paid per accident in 1922 was \$98.26, and for medical aid, the average per accident was \$38.12. In 1921 the average paid for compensation was \$71.13 and for medical aid \$31.80.

Assessments under schedule 1 of the act in 1922 totalled \$305,659.45 and under schedule 2 totalled \$254,221.90. There are 3004 employers now within the jurisdiction of the act.

In the Legislature

Following five days of debate, in which most of the members of the house spoke, the resolution respecting the wheat board, presented by the government benches as an amendment to that submitted by R. C. Marshall of the opposition was passed with a vote of 48 to 9. Mr. Marshall's resolution had called on the government for an explanation as to why the wheat board legislation had not been put into effect. The government amendment urged the continuance of negotiations with other provinces which had been in progress and also every effort toward a wheat board for the coming season.

Following the closing of this debate a debate opened on Mr. W. C. Smith's resolution calling for an enquiry into the grain trade. Before proceeding with his address, Mr. Smith laid before the house affidavits charging certain grain firms with violations of the Canada Grain Act. The debate proceeded on Friday.

Among the acts making progress through the house is that introduced by Hon. Mr. Brownlee providing for the widening of the powers of the public utilities commission, by giving it the authority of a local government board in many respects. The board is given complete jurisdiction over public utilities, save those operated by municipalities, which may by by-law be brought under the board.

There is also an act introduced by Mr. Hoadley amending the domestic animals act, to provide for certain grazing privileges for sheep ranchers within closed areas. Another act introduced by Mr. Hoadley supplements dominion legislation respecting live stock yards and their regulation by making good the lack of certain jurisdiction in the dominion regulations. This act does not impose any further duties or expense of administration on the provincial government.

The amendments to the game act provide among other things for the awarding of some distinguishing suit of white by hunters of big game. This is an effort to minimize the anger of shooting accidents.

Amendments to the mental defectives act make further provision for the care and treatment of mental defectives in the province. On Tuesday last Mr. Milnes was answered questions relating to the motion picture censor's bureau, which showed that there had been a slight decrease in salaries and staff in 1922, from 1921.

On the same day, Mr. W. M. Davidson was answered questions concerning loans to normal students. The loan started in 1919 and were as follows: In 1919 the sum was \$28,971, in 1920 it was \$58,409, in 1921 was \$83,794.20 and in 1922 was \$107,691.30. The number of students obtaining loans in 1919 was 145, in 1920 was 242, in 1921 305 and in 1922 was 661. The amount due in repayments by students in 1922 was \$82,550.59. The amount collected in 1920 was \$13,391.59, in 1921 was \$43,369.98 and in 1922 was \$63,709.41. In 1918 the total enrolment in both sessions was 467 in 1919 it was 600, in 1920 it was 715, and in 1921 it was 1046, while in 1922 it had risen to 1546 for the two terms.

A return was laid on the table for Dr. State regarding the cost of the public health and district nursing service. Mr. Dechene was given a return respecting amounts collected from insurance companies for administration of the fire prevention act. Mr. Dechene was also given a return respecting the number of civil servants retired since January 1, 1922 and the number added to the service. Mr. Dechene also got a return respecting the employment of Mr. W. J. Jackman, and one respecting the employment of Dr. Walter Scott, legislative counsel. Mr. Bowen was given a return respecting the cost.

"Use A Big Maul"

When a contractor is in a hurry to drive a long plank down the side of a new sewer he sets two men at it. Each with a big maul hits it alternate blows as often and as hard as he can. The strokes come as evenly as a pendulum swings.

One man and one maul would drive the plank down, but it would take longer.

The bigger the maul the quicker and easier he will do the work. Two men or a dozen with tack hammers would not get the plank driven in a hundred years.

There's parallel to this in advertising. If you're in a hurry to drive your business use two papers and make the advertising maul—the space—as big as possible.

If you haven't money enough to my two big mauls buy one, use one paper—the best—and make the space big enough to be felt.

You'll do more good with one maul than with half a dozen tack hammers. You'll get more benefit from a regular advertisement, of sufficient size in a paper like The Time of instance, than you will from half a dozen similar ads. in a weaker paper.

If you have only one ad, have it right. You don't believe in cutting your store in two, do you? You don't establish a branch until you feel sure you are doing all you can in the main store.

Be sure you are doing enough in the best paper before you think of adding another.

MAIN STREET

WAINWRIGHT

One of the town's inhabitants passed away this week, and despite the fact that it was only a dog, its passing will be felt by many of the younger folk. Mr. Elder's splendid Newfoundland "King" is now resting peacefully in "doggy's heaven" or wherever the canine tribe pass to from here.

A very pleasant evening was spent at the home of Mr. & Mrs. H. Y. Pawling on Friday night in celebration of the thirtieth anniversary of their wedding day. Music and cards passed the time merrily, although, of course, reminiscences were quite in order in such a reunion of town pioneers.

This Trade Mark is Your Safeguard

EVERY genuine piece of SMP Enamelled Ware carries the SMP shield trade mark. Only the choicest articles carry this sign. It guarantees the value in the article, and the use of SMP Enamelled Ware itself guarantees quick heating of foods; absolute purity; ease of cleaning; tenderly cooked food and long wear. Ask the hardware merchant for

Interesting Local Notes

BORN—To Mr. and Mrs. E. Williams, on February 24th, a son.

Mr. and Mrs. A. G. Smith are spending a few days in the city.

Mr. Fred Sharp is building himself an ice-house in the rear of his butcher shop.

Miss Laura Matthews, of Jarow, is spending a few days with friends in town.

Mr. J. Shirley, of Edmonton, was a visitor to town on business at the week end.

Mrs. Newberry, of Irma, is a guest of Mrs. A. C. Armstrong for a few days this week.

We are glad to note that Miss V. Lake who has been on the sick list is now recovering nicely.

Mrs. Cunningham, of Unity, Sask., is the guest of Mrs. Carrell while visiting her son Jack here.

Mrs. G. Law, of Edmonton, is paying a visit to her daughter, Mrs. J. L. Gerow, for a few days.

After a nasty sick spell, Manager Rowe of the Bank of Montreal is happily now around again.

After a holiday spent with her sister at Clyde, Alta., Miss E. Gehring returned home on Saturday last.

Mrs. H. Bosomworth left at the beginning of the week to pay a visit to her mother in Edmonton.

Miss Grace Stouffer, who is teaching at Battle View, spent the week end with her sister Miss May in town.

We learn that the W. I. are arranging for a big St. Patrick's day tea on March the 17th. Save the date.

Miss G. Wild, of Tofield, who has been staying in town for a couple of weeks returned home this week.

Mrs. Williams, of Lamont, arrived in town on Saturday last to pay a visit to her son Ellis and daughter-in-law.

That Royal Purple Poultry Food is just the thing to make the hens do double duty while eggs are high priced. —Wainwright Pharmacy.

A perusal of the advertisement on page 2 of this issue will save the prudent housewife many dollars. The Armstrong sale staff are out to reduce the stock—and they're going to do it.

Rents will be high for the next five years; build or buy yourself a home. We have just received a new supply of plan books, and have a number of houses for sale. Atlas Lumber Co., Phone 57.

FOR SALE

THREE EXTRA QUALITY BARRED Cockerles for sale; high-class prize winning strain; \$25.00 apiece, or \$6 takes all three.—See R. G. Dunsmore, phone 8, town. 28-2

WANTED

JOB WANTED ON FARM: BY young married couple, no children—slight experience.—For particulars apply to W. Gaines, Wainwright, Phone 511. 28-3

ARTHUR ROSE SASKATOON

If Rose Cleaned, It's C.L.E.N.

The members of the Rebekah degree are reminded of the regular meeting to-morrow (Thursday) evening at 8 o'clock.

The Atlas Lumber Co. have ordered a carload of saw-dust from their factory at Calgary which will be sold to pack ice.

A pleasant time was spent on Friday evening when Miss Audrey McLeod entertained a number of her little school friends.

Mr. and Mrs. Chas. Church have returned from Calgary, and are now living in one of the Crawford houses on Fifth avenue east.

Mrs. A. C. Armstrong is enjoying a visit for a short while from her mother Mrs. Andrews, of Holden, who arrived on Saturday's train.

We are glad to be able to state that Mr. H. Richardson who spent several days in bed last week is getting around as chirpy as ever.

We are glad to know that Mr. H. L. Hoegh, of the Creamery is again feeling better after a short sick spell in bed at the beginning of the week.

We have Black Diamond—the very best furnace coal; and Pembina Egg—the very best kitchen coal. Our phone is 57. Joe Welch at the Atlas yard. x

We understand that it is the intention of Mr. and Mrs. McLeod to leave at the beginning of next week for their old home in New Brunswick.

Sympathies are being extended to Mrs. John Gano on the death of her father, Mr. J. Enos, of Clinton, Illinois who passed away suddenly on the 20th inst.

The epidemic of coughs and colds which is going around can be stopped by a few doses of Cherry Bark Cough Syrup from the Wainwright Pharmacy.

Mr. and Mrs. W. Huntingford spent a couple of days in the city at the week end on business connected with the Canadian Weekly Newspapers Association and the Alberta Press association.

Owing to the resignation of Mr. H. W. McLeod, as postmaster Mr. Herb. Crampton has been installed as acting postmaster until the appointment of an incumbent to this position by the authorities at Ottawa.

All credit to the W. I. who during the past few months have kept busy in the making of quilts, donating garments and raising funds to alleviate the distress of numerous sick and needy families around this district.

Eggs are good food, and command a good price at this time of the year. Make the hens lay by giving them Royal Purple Poultry Specific from the Wainwright Pharmacy. x

Mr. J. Welch recently received a letter from Los Angeles stating that there are between 13000 and 15000 unemployed in that city. The Mayor there is appealing to business houses and private citizens to provide work to relieve the distress.

We understand that tenders are soon to be called by the local chapter of the I.O.O.F. for the necessary labor, and materials for the erection of the Memorial Clock Tower. At the last meeting of that body they decided to apply for an architect to prepare plans and specifications.

Don't miss the big broomball game at the rink tomorrow (Thurs.) night when the "Eagles" will try conditions with the "Leaves." At the close of play the ice will be open for general skating and a goodly crowd will add greatly to the funds of the Town Band for whose benefit the affair has been arranged.

BANFF-WINDERMERE

NEW PROV. HIGHWAY

OPENS IN JUNE

Ottawa, Ont.—The Minister of the Interior has set the date for the opening of the Banff-Windermere motor highway through the Canadian Rockies for traffic for Saturday, June 30. The official ceremony will take place about noon at Vermilion Crossing, a point midway between Banff, Alberta and Windermere, British Columbia. It is proposed that motorists from the east or Banff end of the road and from the west or Windermere end should leave their respective points early enough in the morning of that date to meet at the Crossing at noon in time for the ceremony.

The new highway, which forms the connecting link in the 6000 mile "Grand Circle Tour," through Western Canada and the United States, was completed last fall and the engineers expect that by the end of June everything will be in readiness for the opening and the summer traffic.

BULLETIN FROM THE PROVINCIAL GOVERNMENT

(continued from page 5)

of issuing the weekly news bulletin, and a return also respecting the special audit. Mr. Marshall got a return respecting the number of livestock purchased for public institutions by the department of agriculture. Mr. Mills got a return respecting the Lacombe and Northwestern Railway, and one regarding lands forfeited under the tax enforcement procedure. Mr. McLennan got a return respecting the cost of the grasshopper campaign. Mr. Pearson was given a return showing Inspector's reports on private schools. Mr. Cote was given a return with respect to loans to school districts; Mr. Cote was also given a return as to credit and debts of each municipal unit, and as to expenditures on highways, and bridges.

Wednesday being Ash Wednesday, the session was adjourned. On Thursday, the debate on the wheat board resolution was brought to a conclusion and that on the matter of grain enquiry opened.

On Thursday, G. A. Forster asked for a return respecting the amounts collected and disbursed under the workmen's compensation act. Mr. Mitchell asked for a return on amounts paid in municipal or improvement districts for medical services for indigents and others. Mr. Mitchell also asked for a return respecting convictions under the domestic animals act, and another respecting the proposal made last year that members on the government side of the house were to form committees to study the various government departments. Mr. Cote asked for a return respecting taxes and exemptions on C. P. R. lands, also with respect to the amounts collected under the 1922 mine owners tax, and another respecting the number of ministers and officials travelling outside the province on government business during the past year, and expenses of such trips.

Stop Seed Grain Distribution
Premier Greenfield gave a statement to the Legislature in which he declared it to be the intention of the government to stop further guarantee for distribution of seed grain to farmers. His statement follows:

"Believing that the policy that has prevailed for some years of provincial guarantees for seed grain advances is wrong in principle and should be discontinued, the government at its first regular session initiated a policy looking to the final termination of such advances. The effect of the Drought Area Relief Act has been to conserve adequate grain for seed grain purposes throughout the major part of that area. The experience of the province in past years in advancing seed grain has not been a happy one, as the following statement will show:—

Total amount guaranteed and advanced for seed grain relief and rye in municipal districts to December 31st, 1922 \$6,006,536.32
Total advanced for seed grain in organized districts to December 31, 1922 \$1,791,733.66
"Without doubt many of these advances cannot be repaid by the individuals to whom they were made, and in many cases the security of the individual has been exhausted. The result is certain that a very considerable portion of the outstanding debt must be borne by the taxpayers of the province in general.

"The government has now decided to finally discontinue the policy of provincial guarantees for the distribution of seed grain in municipal districts as well as the distribution of seed grain in imperial districts. At the same time the government will make every effort to render assistance in a co-operative and advisory way to those requiring seed grain this spring. The government has already been able to render assistance of this nature to some municipalities and this effort will be continued.
